## OBJECTIVE

To pursue a job opportunity in a competitive environment that challenges me to push my boundaries and expand my knowledge in the field of computer science while contributing to the growth and success of the company. Currently pursuing a Bachelor of Engineering in Computer Science at Genba Sopanrao Moze College of Engineering, Pune, under Savitribai Phule Pune University. I aim to leverage my skills and academic background to add value to the company's dynamic environment .

## PERSONALITY TRAITS

Problem-Solver | Team-oriented | Collaborative | Active listening | Flexible | Adaptable | Self-Starter

## EDUCATION

**Bachelor of Engineering in Computer Science Engineering** Dec 2021 - Present  
Genba Sopanrao Moze College Of Engineering, Balewadi, Pune  
Pune University **SGPA:** 8.50/10.00

**Higher Secondary Certificate (HSC)** June 2019 – June 2021  
Kranti Jyoti Uchcha Madyamik Vidyalaya, Jawala  
**Percentage:** 94.67%

**Secondary School Certificate (SSC)** June 2013 – June 2019  
Shree Chatrapati Shivaji Vidyalaya, Jawala  
**Percentage:** 87.60%

## SKILLS

**Languages & Technologies:** HTML, CSS, JavaScript, Python, C++, Java (DSA in Java)  
**Tools & Frameworks:** GitHub, MySQL Workbench, Spring Boot, Postman  
**Competitive Programming Experience:** Solved **250+ problems** on CodeChef, earned the **Problem Solver Silver Badge**  
**Linguistic Proficiency:** English, Hindi, Marathi  
**Operating Environments:** Windows, Linux

## PROJECTS

### Responsive Portfolio Website

- Developed a fully responsive portfolio website to showcase my skills and projects, reducing bounce rates by 25%.
- Designed a clean and user-friendly interface using HTML, CSS, and JavaScript, enhancing user engagement.
- Integrated interactive features such as social media links and a contact form for seamless user interaction.
- Technologies Used: HTML, CSS, JavaScript.

### Car Rental Management System

- Automated the car rental process, reducing manual work by 50%.
- Built a user-friendly Java interface for customers to view available cars, rent them, and return them after use.
- Gained hands-on experience in software design and database management using MySQL and Workbench.
- Technologies Used: Java, MySQL, Workbench.

## INTERNSHIP

**Web Development Internship** – LetsGrowMore January 2024 - February 2024  
– Created dynamic and interactive web pages using HTML, CSS, and JavaScript, enhancing user experience by 15%.  
– Implemented responsive designs to ensure cross-platform compatibility for desktop and mobile devices.  
– Gained practical experience in front-end web development, improving website performance.

**Data Science Internship** – OasisInfobyte October 2023 - November 2023  
– Analyzed real-world datasets and developed machine learning models achieving up to 95% accuracy in sales trend prediction.  
– Built robust models for email spam detection and unemployment rate analysis, improving efficiency by 30%.  
– Enhanced proficiency in Python and data visualization libraries (e.g., Matplotlib, Seaborn) to deliver actionable insights.

## CERTIFICATIONS

- **Certified in C,C++ programming.** June 2023  
Issued by: Disha Computers.
- **Responsive Web Design** May 2024  
Issued by: FreeCodeCamp.
